

Stop the Medicaid Cutoffs: Healthcare is a Human Right!

Thirty thousand people in Vermont are at risk of losing Medicaid in 2023, following Congress' decision to eliminate extra federal funding for Medicaid.

If you get a Medicaid notice and are told you no longer qualify for Medicaid, you have the right to appeal and request a fair hearing with the state.

You also have the right to tell your representatives how this decision will impact you and your family.

Under Vermont law, the state must *"ensure that all residents have access to quality health services at costs that are affordable."*

If you believe that no one should be kicked off of Medicaid and that everyone has a right to health and dignity, **join us to share your story and take action.**
